*Limit one coupon per company.*

*Offer not available on the web.*

*EXPIRES MAY15, 2010.*

## MATRIX

**A powerful self-neutralizing oxidizer that not only destroys odor in carpet, but attacks the stain as well.**

#### **Odor & Stain Remover**

Other products are designed to handle one or the other, but **Miracle** takes care of it all: tea, coffee, blood, vomit, feces, urine – any organic stain or odor you can come up with. Plus, it won't leave strong artificial fragrances behind.

#### **Tile and Grout Cleaner**

Miracle's power doesn't stop there! **You can also use Miracle to safely clean acid-sensitive tile and grout.** Because it's an oxidizer, Miracle utilizes all the advantages of chlorine bleach, but none of the downsides such as color loss and corrosion.

#### **Booster**

Last but not least, **Miracle can be added to your pre-spray or wall washing solution to clean smoke-damaged surfaces.** It boosts the power of your ready-to-use solution making ordinary products extraordinary!
